PROXY STATEMENT
DOVER MOTORSPORTS, INC.
ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD APRIL 29, 2009

INFORMATION CONCERNING SOLICITATION AND VOTING

Your vote is very important. For this reason, our Board of Directors is requesting that you permit your stock to be represented at our 2009 Annual Meeting of Stockholders by the proxies named on the enclosed proxy card. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

References in this Proxy Statement to the "Company," "we," "us" and "our" shall mean DOVER MOTORSPORTS, INC., a Delaware corporation, and/or its wholly-owned subsidiaries, as appropriate. This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of our Board of Directors. Proxies solicited by this Proxy Statement are to be voted at our Annual Meeting or at any adjournment of the meeting.

The mailing address for our principal executive office is P.O. Box 843, Dover, Delaware 19903. This Proxy Statement and the form of proxy were first sent to our stockholders on or about March 30, 2009.

GENERAL INFORMATION ABOUT THE MEETING

Who may vote

You may vote your stock if our records show that you owned your shares as of the close of business on March 23, 2009. On that date, our outstanding capital stock consisted of 18,122,996 shares of common stock, par value \$.10 per share (the "Common Stock"), and 18,510,975 shares of Class A common stock, par value \$.10 per share (the "Class A Common Stock"). Shares of Class A Common Stock are convertible at any time into shares of Common Stock on a share-for-share basis at the option of the holder.

Voting rights in general

If you hold Common Stock, you are entitled to one vote for each share of Common Stock held. If you hold Class A Common Stock, you are entitled to ten votes for each share of Class A Common Stock held, except to the extent that voting by class is required by law. At a meeting of stockholders at which a quorum is present, a majority of the votes cast decides all questions, unless the matter is one upon which a different vote is required by express provision of law or our Certificate of Incorporation or By-Laws. Under the General Corporation Law of the State of Delaware, holders of Common Stock and Class A Common Stock are only entitled to vote as a class with respect to certain limited matters, such as certain amendments to our Certificate of Incorporation which would change the rights of only one class of stock.

Voting your proxy

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting are on your proxy card. For shares held through a broker, bank or other nominee, follow the instructions on the voting instruction card included with your voting materials. If you provide specific voting instructions, your shares will be voted as you have instructed and as the proxy holders may determine within their discretion with respect to any other matters that properly come before the meeting.

If you hold shares in your name, and you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters.

Vote required for election of Directors

The election of our Board nominees will require a plurality of the votes cast by the shares entitled to vote. This means that the nominees receiving the greatest number of votes will be elected. Accordingly, abstentions, broker non-votes and withheld votes will not affect the outcome of the election of directors. There is no class voting or cumulative voting with respect to the election of directors.

Our Chairman, Henry B. Tippie, has the right to vote shares of Common Stock and Class A Common Stock that add up to more than fifty percent of the voting power of all of our outstanding capital stock. This means that his vote is all that is needed to elect all of the Board nominees. Mr. Tippie has indicated that he intends to vote all shares under his control in favor of all of the Board nominees.

Vote required for the stockholder proposal

The Stockholder proposal included in this proxy statement (Proposal Number Two) will require the affirmative vote of a majority of the quorum in order to be adopted. Abstentions, broker non-votes and withheld votes will not be considered votes cast for or against the proposal.

Our board of directors and management recommend a vote against the stockholder proposal. Our board of directors and management have the right to vote shares of Common Stock and Class A Common Stock that add up to well in excess of a majority of the voting power of all of our outstanding capital stock. This means that their vote is all that is required for the proposal to be voted down.

Votes needed to hold the meeting (“Quorum”)

The meeting will be held if a majority of our outstanding shares on the record date entitled to vote is represented at the meeting. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you:

- are present and vote in person at the meeting; or
- have properly submitted your vote as permitted by your proxy card.

Matters to be voted on at the meeting and conduct of the meeting

The following proposals will be presented for your consideration at the meeting:

- to elect three Class I Directors to our Board of Directors
- to vote on a stockholder proposal to eliminate our rights agreement

We currently are not aware of any other business to be acted upon at the meeting. If other business is properly raised, your proxies have authority to vote as they think best, including authority to adjourn the meeting.

Our Chairman has broad authority to conduct the meeting so that the business of the meeting is carried out in an orderly and timely manner. We have not previously had any need to provide rules of conduct in advance of our annual meetings and do not anticipate doing so for this meeting since the Chairman has broad discretion to establish reasonable rules for discussion, comments and questions during the meeting and, if required, is entitled to rely upon applicable law regarding disruptions or disorderly conduct to ensure that the meeting proceeds in a manner that is fair to all participants.

Cost of this proxy solicitation

We will pay the costs of the solicitation of proxies. We may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding the voting materials to their customers who are beneficial owners and obtaining their voting instructions. In addition to soliciting proxies by mail, our board members, officers and employees may solicit proxies on our behalf, without additional compensation, personally or by telephone, or we may ask our proxy solicitor to solicit proxies on our behalf for a nominal charge.

Voting in person at the meeting

You may vote shares held directly in your name in person at the meeting. If you want to vote shares that you hold in street name at the meeting, you must request a legal proxy from your broker, bank or other nominee that holds your shares.

Changing your vote

You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing a new proxy card with a later date, voting on a later date by telephone (if permitted by your proxy card), or by attending the meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy; you must specifically revoke your proxy.

Voting recommendations

Our Board recommends that you vote “FOR” each of the nominees to our Board of Directors in Proposal Number One.

Our Board recommends that you vote “AGAINST” the stockholder proposal in Proposal Number Two.

Voting results

The preliminary voting results will be announced at the meeting. The final voting results will be tallied by our Transfer Agent and Inspector of Elections and published in our quarterly report on Form 10-Q for the fiscal quarter ended March 31, 2009.

- (1) Our Class A Common Stock entitles the holder to ten votes per share and our Common Stock has one vote per share. Class A Common Stock is convertible, at any time, on a share-for-share basis into Common Stock at the option of the holder. As a result, pursuant to Rule 13d-3 of the Securities Exchange Act of 1934, a stockholder is deemed to have beneficial ownership of the shares of Common Stock which the stockholder may acquire upon conversion of Class A Common Stock. In order to avoid overstatement, the amount of Common Stock shown above as beneficially owned does not take into account shares of Common Stock which may be acquired upon conversion of Class A Common Stock (an amount which is equal to the number of shares of Class A Common Stock held by a stockholder). The percentages shown in this table are based on 18,122,996 shares of Common Stock and 18,510,975 shares of Class A Common Stock outstanding as of March 23, 2009. The above numbers include the following shares of Common Stock subject to options granted under our 2004 Stock Incentive Plan (the "Plan") which the employee has the right to acquire beneficial ownership within 60 days as specified in Rule 13d-3 of the Securities Exchange Act of 1934: Denis McGlynn, 84,803 shares; Timothy R. Horne, 6,000 shares; Klaus M. Belohoubek, 35,000 shares; Thomas G. Wintermantel, 30,000 shares; Patrick J. Bagley, 40,000 shares; and all directors and officers as a group, 195,803 shares. The above numbers include the following shares of restricted Common Stock granted under the Plan which have not vested: Denis McGlynn, 70,600 shares; Timothy R. Horne, 40,600 shares; Michael A. Tatoian, 32,400 shares; Klaus M. Belohoubek, 40,600 shares; Thomas G. Wintermantel, 29,200 shares; Patrick J. Bagley, 17,600 shares; and all directors and officers as a group, 231,000 shares. Unvested shares are included as beneficially owned because the grantees have the right to vote the shares.

- (2) Henry B. Tippie is a trustee of the RMT Trust and has voting and dispositive control over shares held by the RMT Trust pursuant to a voting agreement with R. Randall Rollins and Michele M. Rollins, the other two trustees. The agreement is described below under the heading *CORPORATE GOVERNANCE AND BOARD OF DIRECTORS' COMMITTEES AND MEETINGS—Controlled Corporation Status*.
- (3) Includes 200,000 shares of Common Stock held by his wife, and 35,000 shares of Common Stock held as a trustee, and 8,000,000 shares of Class A Common Stock held by the RMT Trust, as to all of which Mr. Tippie disclaims any beneficial interest.
- (4) Includes 75,000 shares of Class A Common Stock held by his wife and 21,600 shares of Common Stock and 1,000 shares of Class A Common Stock held as Trustee, as to which Mr. Weaver disclaims any beneficial interest; and 100,000 shares of Common Stock and 500,000 shares of Class A Common Stock owned by a partnership over which Mr. Weaver has sole voting power. 23.86% of the partnership is held directly by Mr. Weaver and 23.84% is held directly by his wife. Mr. Weaver disclaims any beneficial interest in 76.14% of the partnership. 860,000 shares beneficially owned by Mr. Weaver have been pledged as security for various lines of credit.
- (5) Includes 32,750 shares of Common Stock owned by a limited liability corporation over which Mr. Rollins has sole voting and investment power and 2,550 shares of Common Stock held indirectly as custodian for his minor children. 482,250 shares beneficially owned by

Mr. Rollins are held in a brokerage margin account and as such have been pledged as security for the account.

- (6) Includes 52,000 shares of Class A Common Stock held by his wife, as to which Mr. McGlynn disclaims any beneficial interest.
- (7) Includes 900 shares of Common Stock held by his wife.
- (8) Includes 2,000 shares of Common Stock held by his wife, as to which Mr. Chalmers disclaims any beneficial interest.
- (9) 12,293 shares beneficially owned by Mr. Belohoubek are held in a brokerage margin account and as such have been pledged as security for the account.
- (10) Includes 3,012 shares of Common Stock held as custodian for his minor children.

PROPOSAL NUMBER ONE: ELECTION OF DIRECTORS

Three of our Directors are standing for reelection at the Annual Meeting to serve as Class I Directors for a term of three years, and until the election and qualification of their successors. Our other five Directors are not standing for reelection because their terms as Directors extend past the Annual Meeting pursuant to provisions of our Certificate of Incorporation which provide for the election of Directors for staggered terms, with each Director serving a three-year term.

We have eight members and two vacancies on our Board of Directors. There are positions for a Class I Director and a Class II Director which will both remain vacant immediately after the Annual Meeting. Our Board believes that it is in our and your best interests to keep these vacancies on the Board so that the Board may, if the opportunity arises, appoint candidates in the future without amending our Certificate of Incorporation. A majority of the members of our Board of Directors may appoint individuals to fill the vacancies.

Unless you WITHHOLD AUTHORITY, the proxy holders will vote FOR the election of each of the nominees named below to three-year terms as Directors. Although our Board of Directors does not contemplate the possibility, in the event a nominee is not a candidate or is unable to serve as a Director at the time of the election, unless you WITHHOLD AUTHORITY, the proxies will be voted for such nominee as is designated by our Board of Directors to fill the vacancy.

The name and age of each of our Directors and each of the nominees, his principal occupation, and the period during which he has served us as a Director are set forth below.

PROPOSAL NUMBER TWO: STOCKHOLDER PROPOSAL

We received a request by a stockholder to include a proposal in this proxy statement to eliminate our rights agreement. That proposal and the supporting statement are included verbatim below. For the reasons set forth below the proposal and supporting statement, we disagree with the proposal and recommend against it. We will promptly provide to any person the name and address of the person making this proposal upon receipt of an oral or written request to do so.

RESOLVED: That the stockholders of Dover Motorsports, Inc. (“Dover Motorsports” or “the Company”) hereby request that the Board of Directors of the Company take the necessary steps to eliminate the Company’s Rights Agreement with Mellon Investor Services, LLC dated June 14, 2006, and any other plans, if any, that have similar effects to the Rights Agreement.

PROPONENT’S SUPPORTING STATEMENT: The proponent, a holder of over 3 million shares of Common Stock of Dover Motorsports, believes that the Company’s Rights Agreement, or poison pill, should be eliminated.

Dover Motorsports has had a rights agreement, or poison pill, in place since the separation of the gaming and motorsports businesses over eight years ago. In this time period, April 1, 2002 through November 21, 2008, the Company’s share price has fallen approximately 84%. Any protection seemingly afforded by the poison pill has not manifested itself in a tangible manner to the stockholders of the Company.

In general, poison pill arrangements may not necessarily be in the best interests of the owners of a business. In regards to Dover Motorsports, the poison pill has served to further entrench the board and management team and has made them less responsive to stockholders. In a marketplace unimpeded by poison pills, directors and managers are properly subjected to the ramifications of their economic decisions. When a poison pill is in place, the consequences of poor decision making are allowed to fester, creating a situation where sub-optimal resource allocation no longer receives the appropriate level of scrutiny. Directors and managers that consistently under-perform are afforded unwarranted protection by a poison pill.

Arguably, one possible benefit of a poison pill is that it could force a potential acquirer of a company to negotiate with the board of directors so that a fair price can be obtained for all stockholders. In the case of Dover Motorsports though, Henry B. Tippie, Chairman of the Board of Directors, presently has control of in excess of 50% of the voting power of the Company. Therefore, a potential acquirer of Dover Motorsports would have no alternative but to negotiate with Mr. Tippie and the Board of Directors.

Currently, if the Rights were detached, it would cause substantial dilution to the person or group of persons attempting to acquire more than 10% of the combined classes of stock. Given the concentration of ownership in Dover Motorsports’ shares, we believe the Rights Agreement serves no purpose other than to significantly limit the number of shares a current or prospective stockholder could own at 10% of the combined classes of stock.

While the adoption of this proposal will not legally bind the Board of Directors, the proponent trusts that given their fiduciary responsibilities, the Directors will honor their stockholders’ request. We urge all stockholders to vote FOR this proposal.

STATEMENT OF THE BOARD OF DIRECTORS AND MANAGEMENT IN OPPOSITION TO PROPOSAL NUMBER TWO

This stockholder proposal asks our Board of Directors to redeem the Stock Purchase Rights that have already been issued to all stockholders under our Stockholder Rights Plan. We believe redemption of the Rights would not be in the best interest of the Company or its stockholders and would remove an important protection

8

that was designed to protect your interests. Redemption at this time could potentially deprive you of substantial economic benefits in the future.

Stockholder rights plans were developed in the 1980s and adopted by thousands of companies to counter a wide range of coercive tactics

common in hostile takeovers. The principal function of a rights plan is to encourage potential bidders to negotiate with the board of a target company and to provide the board with the ability to prevent abusive and coercive takeover tactics that may be harmful to stockholders. Rights plans give boards time to evaluate offers, investigate alternatives and take steps necessary to maximize value for all stockholders.

Our Stockholder Rights Plan is a fairly typical plan that was adopted to protect stockholder interests. It was not adopted in response to a particular takeover proposal. Rather, it was put in place at the time of our initial public offering in 1996 and renewed in 2006. The plan is not intended to prevent a takeover of the Company on terms that are fair and equitable to all stockholders. Rather, the plan is designed to deter a bidder from acquiring control without first negotiating with the Board as well as to deter abusive takeover tactics that do not treat all stockholders fairly and equally, such as market accumulations that do not offer a premium to all stockholders.

Under Delaware law, one of our Board's duties is the evaluation of any acquisition offers. Our Board believes that our Stockholder Rights Plan can aid the Board in discharging that duty and that its recommendation to vote against this proposal is also consistent with its fiduciary responsibilities. Stockholder rights plans have been repeatedly upheld by the courts, including the Delaware Supreme Court.

Our Board may, pursuant to the terms of our Stockholders Rights Plan, redeem the Rights to permit an acquisition that it deems adequately reflects the value of the Company and to be in the best interests of our stockholders. We do not believe that our Stockholder Rights Plan will deter such an acquisition and that the proper time to consider redemption of the Rights would be if a satisfactory offer is made to acquire the Company. Redeeming the rights now would remove an important tool that the Board should have at its disposal for the protection of all stockholders.

For the reasons set forth above, we recommend a vote "AGAINST" Proposal Number Two.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS' COMMITTEES AND MEETINGS

Our Board of Directors held five meetings in 2008. All meetings were attended by one hundred percent of the Board. Board members are encouraged to attend our Annual Meeting of Stockholders and all Board members were in attendance at last year's meeting.

Audit Committee

Our Audit Committee consists of Kenneth K. Chalmers, Chairman, R. Randall Rollins and Jeffrey W. Rollins. The Audit Committee held five meetings in 2008. The Committee's functions are described below under the caption *REPORT OF THE AUDIT COMMITTEE*. Our Board has determined that each of our Audit Committee members is an "independent director" and that each member qualifies as an "audit committee financial expert" as those terms are defined by applicable New York Stock Exchange and Securities and Exchange Commission rules and regulations.

We have adopted Independence Guidelines for determining whether a director qualifies as independent. A copy of these guidelines may be found at our website (www.dovermotorsports.com) under the heading *Investor Relations*. In accordance with the rules of the New York Stock Exchange, no director will qualify as independent unless our Board affirmatively determines that the director has no material relationship with the Company that

would affect the director's independence. In addition to the independence standards which have been promulgated by the New York Stock Exchange, we have adopted certain categorical standards to assist in making a determination of independence. Relevant text from our Independence Guidelines setting forth these standards is reproduced below:

Except in special circumstances, as determined by a majority of the independent members of the Board, the following relationships will be considered not to be material relationships that would affect a Board member's independence:

- (i) If the director, or a member of the director's immediate family, has received less than one hundred twenty thousand dollars (US \$120,000) per year in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service which are not contingent in anyway on continued services) within the past three (3) years.*
- (ii) If the director is a director or officer, or any member of the director's immediate family is a director or officer of a bank to which the Company is indebted, and the total amount of the indebtedness does not exceed one percent (1%) of the total assets of the bank for any of the past three (3) years.*
- (iii) If the director or any member of the director's immediate family serves as an officer, director, trustee or primary spokesperson of a charitable or educational organization, and donations by the Company do not exceed the greater of two percent (2%) or one million dollars (US \$1,000,000) of the organization's total annual charitable receipts for any of the past three (3) years.*
- (iv) If the director has a relationship with the Company of a type covered by item 404(a) of the Securities and Exchange Commission's Regulation S-K (or any successor regulation), and that relationship need not, according to the terms of those items and any then-current proxy regulations, be disclosed in the Company's annual proxy statement (except for relationships described elsewhere in these guidelines in*

which case the other guideline will govern).

(v) If the director, or a member of the director's immediate family, has direct or beneficial ownership (as defined by Rule 13d to the Securities Exchange Act of 1934) of any amount of any class of common stock of the Company.

Our Board has also determined that each of our Audit Committee members is independent based on these standards.

Executive Committee

Our Executive Committee consists of Henry B. Tippie, Chairman, and Denis McGlynn. The Executive Committee held four meetings in 2008. The Executive Committee has the power to exercise all of the powers and authority of our Board of Directors in the management of the business and affairs of the Company in accordance with the provisions of our By-Laws.

Compensation and Stock Incentive Committee

Our Compensation and Stock Incentive Committee consists of Henry B. Tippie, Chairman, and R. Randall Rollins. The Compensation and Stock Incentive Committee held two meetings in 2008. The Committee has authority to determine the compensation of the Company's executive officers and such other officers as the Committee may decide, to administer the Company's Stock Incentive Plan, including the granting of restricted stock awards to various employees of the Company and its subsidiaries, and to adopt or modify policies that govern the Company's compensation and benefits programs. The Committee annually prepares a Compensation Committee Report for inclusion in our proxy statement and has authority to engage attorneys, accountants and consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate

and permitted under applicable law. The Committee does not have a formal charter and is not required to have one under New York Stock Exchange rules since we are a controlled corporation as described below under the heading *Controlled Corporation Status*.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Henry B. Tippie, Chairman, and R. Randall Rollins. The Committee does not have a formal charter; it was formed by resolution of the full Board of Directors in 2002 for the following purposes:

- to recommend to our Board of Directors nominees for director and to consider any nominations properly made by a stockholder;
- upon request of our Board of Directors, to review and report to the Board with regard to matters of corporate governance; and
- to make recommendations to our Board of Directors regarding the agenda for our annual stockholder's meetings and with respect to appropriate action to be taken in response to any stockholder proposals.

The Nominating and Corporate Governance Committee held one meeting in 2008. We are not required by law or by New York Stock Exchange rules to have a nominating committee since we are a controlled corporation as described below under the heading *Controlled Corporation Status*. We established the Nominating and Corporate Governance Committee to promote responsible corporate governance practices and we currently intend to maintain the Committee going forward.

Controlled Corporation Status

We have elected to be treated as a "controlled corporation" as defined by New York Stock Exchange Rule 303A. This Rule provides that a controlled corporation need not comply with the requirements of Sections 303A.01, 303A.04 and 303A.05 of the New York Stock Exchange Listed Company Manual. Section 303A.01 requires that listed companies have a majority of independent directors. As a controlled corporation, this Section does not apply to us. We are only required to make an independence determination relative to our audit committee members—all three of whom are independent. Two of our directors, Denis McGlynn and Patrick J. Bagley are employees of ours and, therefore, cannot be considered independent. No other directors or their immediate family members are employees of ours. Our Board is not required to and has not formally made an assessment as to the independence of these directors. Sections 303A.04 and 303A.05 require that listed companies have a nominating & corporate governance committee and a compensation and stock incentive committee, in each case composed entirely of independent directors. In addition, each committee must have a charter that addresses both the committee's purpose and responsibilities and the need for an annual performance evaluation by the committee. While we have a nominating & corporate governance committee and a compensation committee, we are not required to and do not comply with all of the provisions of Sections 303A.04 and 303A.05. We are a controlled corporation because a single person, Henry B. Tippie, the Chairman of our Board of Directors, controls in excess of fifty percent of our voting power. This means that he has the ability to determine the outcome of the election of directors at our annual meetings and to determine the outcome of many significant corporate transactions, many of which only require the approval of a majority of our voting power. Such a concentration of voting power could also have the effect of delaying or preventing a third party from acquiring us at a premium.

Mr. Tippie's voting control emanates from his direct and indirect holdings of Common Stock and Class A Common Stock and from his status as a trustee of the RMT Trust (the "Trust"), our largest stockholder. As of March 23, 2009, Mr. Tippie has control over 54.4% of our voting

power.

11

The Trust was formed under the Last Will and Testament of John W. Rollins, Sr. Mr. Tippie was the executor of the Estate of John W. Rollins, Sr. (the "Estate"). In early 2008, the Estate transferred all of its equity securities held in the Company to the Trust. Mr. Tippie is one of three trustees of the Trust and has sole voting and sole dispositive power over any equity securities of the Company held by the Trust (the "Trust Stock") pursuant to a Stockholders Agreement and Irrevocable Proxy entered into January 31, 2008 among the three trustees of the Trust. We are not a party to this Agreement. A copy of the Agreement is attached as Exhibit A to a Schedule 13D dated January 31, 2008 and filed by Mr. Tippie with the SEC. The Agreement has an initial one (1) year term and renews annually for successive one (1) year terms unless terminated earlier as provided therein. The Agreement automatically terminates in the event that Mr. Tippie ceases to be Chairman of the Board of Directors of the Company or ceases to control more than 50% of the voting power in the Company. Under the Agreement, Mr. Tippie agrees to vote Trust Stock in the same manner in which he votes shares of stock that he owns in his individual capacity and also affords certain take along rights to the Trust whereby Mr. Tippie will not sell shares of stock that he owns in his individual capacity unless, subject to certain enumerated exceptions, the Trust is afforded a reasonable opportunity to sell Trust Stock on comparable terms.

Director Nominations

Under Delaware law, there are no statutory criteria or qualifications for directors. The law does permit a corporation to prescribe reasonable qualifications in its by-laws or certificate of incorporation. Our By-Laws require that at the time of nomination for a directorship, the nominee must own no less than 500 shares of our Common Stock. No other criteria or qualifications have been prescribed by us at this time. Our Nominating and Corporate Governance Committee does not have a formal charter or a formal policy with regard to the consideration of director candidates, however, it acts under the guidance of the Corporate Governance Guidelines approved by our Board and posted on our website (www.dovermotorsports.com) under the heading *Investor Relations*. We believe that we should preserve maximum flexibility in order to select directors with sound judgment and other qualities which are desirable in corporate governance. According to our Corporate Governance Guidelines, we believe our Board of Directors should be responsible for selecting its own members. Our Board delegates the screening process involved to the Nominating and Corporate Governance Committee. This Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of the then current make-up of our Board. This determination should take into account all factors which the Committee considers appropriate, such as independence, experience, strength of character, mature judgment, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. Our By-Laws provide that nominations for the election of directors may be made by any stockholder entitled to vote for the election of directors. Nominations must comply with an advance notice procedure which generally requires that written notice be received by our Secretary not less than ninety days prior to the anniversary of the prior year's annual meeting and set forth the name, age, business address and, if known, residence address of the nominee proposed in the notice, the principal occupation or employment of the nominee for the past five years and evidence that the nominee owns not less than 500 shares of our Common Stock. We have not engaged, nor do we believe that it is necessary to engage, any third party to assist us in identifying director candidates. We have not received a recommendation for a director nominee from a stockholder. All of the nominees to be voted on at our Annual Meeting are existing directors standing for reelection.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

We have adopted Corporate Governance Guidelines to promote better understanding of our policies and procedures. At least annually, the Board reviews these guidelines. A copy of our current Corporate Governance Guidelines may be found at our website (www.dovermotorsports.com) under the heading *Investor Relations*. As required by the rules of the New York Stock Exchange, our Corporate Governance Guidelines require that our non-management directors meet in at least two regularly scheduled executive sessions per year without management. Our Chairman will generally act as the presiding director but our guidelines provide that the meetings may be chaired by other directors depending on the nature of the matter to be considered.

12

At our website (www.dovermotorsports.com), under the heading *Investor Relations*, you may access a copy of our Corporate Governance Guidelines, our Audit Committee Charter, our Code of Business Conduct and our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy. We will also provide a copy of any of these documents, free of charge, to any record or beneficial stockholder. Please make your request in writing, addressed to Timothy R. Horne, Senior Vice President-Finance and Chief Financial Officer, Dover Motorsports, Inc., P.O. Box 843, Dover, DE 19903.

Director Communications

We have a process for interested parties, including stockholders, to send communications to our Board. Communications to any member of our Board of Directors, to the entire Board of Directors or to any Committee or group of Directors, such as our non-management Directors should be mailed as follows:

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the Directors who serve on our Compensation and Stock Incentive Committee are or have ever been our employees. There are no Compensation Committee interlocks requiring disclosure.

13

DIRECTOR COMPENSATION

Directors that are our employees do not receive any additional compensation for services rendered as a director. Directors who are not our employees are each paid a retainer for Board service of \$6,000 per quarter, an attendance fee of \$1,500 for each Board of Directors or Committee meeting attended (\$2,500 for Audit Committee meetings) and are offered coverage under our health plans, which is fully paid by the Company. In addition to the Board of Directors or Committee meeting attendance fees, the following fees are paid quarterly for the chairmanships noted: Chairman of the Board, \$6,000; Chairman of the Audit Committee, \$4,000; Chairman of the Executive Committee, \$4,000; Chairman of the Compensation & Stock Incentive Committee, \$2,000; and Chairman of the Nominating & Corporate Governance Committee, \$1,000. These fees have not increased from the fees that were in place during 2008.

The following table sets forth compensation to our Directors for services rendered as a director during fiscal year 2008. Two of our Directors, Denis McGlynn and Patrick J. Bagley, are employees of ours. Mr. McGlynn's compensation is set forth in the *SUMMARY COMPENSATION TABLE* below. Other than Patrick Bagley and Eugene Weaver, the Directors listed below have never been employed by us or paid a salary or bonus by us, have never been granted any of our options or other stock based awards, and do not participate in any of our sponsored retirement plans.

- (1) We have entered into a non-compete agreement with the Chairman of our Board of Directors, Henry B. Tippie. This agreement was entered into June 16, 2004 and is only operative in the event of a change in control. Change in control is defined in this agreement in the same manner as defined in the *Employment and Non-Compete Agreements* described below in our *COMPENSATION DISCUSSION AND ANALYSIS*. Mr. Tippie's agreement has no expiration date and shall continue in effect as long as he remains a Director. In the event of a change in control during the term of the agreement and provided that Mr. Tippie serves as a director of ours when the change in control occurs, the Company must pay to Mr. Tippie a \$750,000 change in control fee. For the one (1) year period following the change in control, Mr. Tippie agrees not to compete with the Company in the motorsports business or to solicit the Company's customers and employees. The scope of the non-competition covenants and the territory covered are the same as provided in the *Employment and Non-Compete Agreements* described below in our *COMPENSATION DISCUSSION AND ANALYSIS*. The agreement contains no provision relative to continuing Mr. Tippie's tenure with the Company for any fixed period of time. The agreement contains the same tax gross-up as provided in the *Employment and Non-Compete Agreements* described below in our *COMPENSATION DISCUSSION AND ANALYSIS* to the extent that the payment to Mr. Tippie may constitute an excess "parachute payment" under the Internal Revenue Code. We estimate that a tax gross-up of \$381,564 would have been paid to Mr. Tippie under the agreement in the event the agreement would have been triggered due to a

hypothetical change in control on December 31, 2008.

- (2) These amounts represent the dollar amount recognized for financial reporting purposes with respect to fiscal year 2008 for prior year option grants and prior year grants of restricted Common Stock awarded under our Stock Incentive Plan, all computed in accordance with Statement of Financial Accounting Standards ("SFAS") No. 123R. Please refer to Note 9 to our consolidated financial statements contained in our Form 10-K for the period ending December 31, 2008 for a discussion of the assumptions used in these computations. When calculating the amounts shown in this table, we have disregarded all estimates of forfeitures. Our Form 10-K has been included in our Annual Report and provided to our stockholders.
 - (3) These amounts represent the change during fiscal year ended 2008 of the actuarial value of accrued pension benefits under our Pension Plan described below under *Pension Benefits*. The calculation uses an assumed retirement age of 62 since this represents the earliest age at which unreduced benefits can commence under the plans.
 - (4) The amount shown for Mr. Bagley represents salary paid in fiscal year 2008. Mr. Weaver last earned a salary in fiscal year 2004. Mr. Weaver participates in our Pension Plan and \$19,064 of the amount shown under this column represents the amount of his pension benefit. The balance of \$12,158 represents medical premiums we paid on his behalf. Because Mr. Weaver is receiving his pension, the change in the actuarial value of his accrued pension benefits decreased during the year by \$2,782. Accordingly, the amount shown under the column entitled *Change in Pension Value and Nonqualified Deferred Compensation Earnings* would be a negative number and, therefore, must be reported on this table as zero.

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, that might incorporate future filings, including this Proxy Statement, in whole or in part, the REPORT OF THE AUDIT COMMITTEE shall not be incorporated by reference into any such filings.

REPORT OF THE AUDIT COMMITTEE

Our Audit Committee is established pursuant to our By-Laws and the Audit Committee Charter adopted by the Board of Directors and last reaffirmed by it on January 28, 2009. A copy of our Audit Committee Charter is available at our website (www.dovermotorsports.com) under the heading *Investor Relations*.

Management is responsible for our internal controls, assessing the effectiveness of these controls and the financial reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing reports on such. The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. It is not the duty of the Audit Committee to determine that our financial statements are complete and accurate and in accordance with U.S. generally accepted accounting principles or to plan or conduct audits; these are the responsibility of our management and independent registered public accounting firm, respectively.

Each member of our Audit Committee is independent in the judgment of our Board of Directors and as required by the listing standards of the New York Stock Exchange.

In fulfilling its oversight responsibilities with respect to the year ended December 31, 2008, our Audit Committee:

- Approved the terms of the engagement of KPMG LLP as our independent registered public accounting firm for the year ended December 31, 2008;
- Reviewed and discussed with our management and the independent registered public accounting firm our audited consolidated financial statements as of December 31, 2008 and for the year then ended;

15

-
- Discussed with the independent registered public accounting firm the matters required to be discussed by the American Institute of Certified Public Accountants Statement on Auditing Standards ("SAS") No. 114, *The Auditor's Communication With Those Charged With Governance*, the rules of the Securities and Exchange Commission and the standards of the Public Company Accounting Oversight Board (United States);
 - Received from the independent registered public accounting firm written affirmation of their independence and discussed the firm's independence from us;
 - Reviewed and discussed with the independent registered public accounting firm and our internal auditors the overall scope and plan for their respective audits and reviewed and discussed with each, with and without management present, the results of their examinations, the evaluations of our internal controls and the overall quality of our accounting principles; and

- Reviewed and discussed with management its assessment as to the effectiveness of our internal control over financial reporting as of our year end.

Based upon the review and discussions referred to above, the Committee recommended to our Board of Directors that our audited consolidated financial statements, as of December 31, 2008 and for the year then ended, and management's assessment of our internal control over financial reporting, be included in our Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission. In giving this recommendation to our Board of Directors, the Audit Committee has relied in part on:

- management's representation that such consolidated financial statements have been prepared with integrity and objectivity and in conformity with U.S. generally accepted accounting principles; and
- the reports of our independent registered public accounting firm with respect to such consolidated financial statements.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation and Stock Incentive Committee

During the fiscal year ended December 31, 2008, the members of our Compensation and Stock Incentive Committee held primary responsibility for determining executive compensation levels. The Committee is composed of two of our non-employee directors who do not participate in the Company's compensation plans. The Committee determines each year the compensation of our executive officers, administers our Stock Incentive Plan, and adopts or modifies policies that govern our compensation and benefit programs.

The members of our Compensation and Stock Incentive Committee have extensive and varied experience with various public and private corporations—as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. Henry B. Tippie, the non-executive Chairman of our Board of Directors and the Chairman of our Compensation and Stock Incentive Committee, has served on the board of directors of twelve different publicly traded companies and has been involved in setting executive compensation levels at all of these companies. R. Randall Rollins has served on the board of directors of seven different publicly traded companies and has similarly been involved in setting executive compensation levels at a majority of these companies.

16

Our Compensation and Stock Incentive Committee has full authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more Directors or members of management where it deems such delegation appropriate and permitted under applicable law. To date, the Committee has determined that placing undue reliance on the advice of executive compensation consultants is not warranted. The Committee is mindful that the independence and objectivity of certain executive compensation consultants has been called into question in recent years.

Our Compensation and Stock Incentive Committee believes that determinations relative to executive compensation levels are best left to the discretion of the Committee and our Board of Directors. In addition to the extensive experience and expertise of the Committee's members and their familiarity with our performance and the performance of our executive officers, the Committee is able to draw on the experience of other Directors and on various legal and accounting executives employed by us, and the Committee has access to the wealth of readily available public information relative to structuring executive compensation programs and setting appropriate compensation levels. The Committee also believes that the structure of our executive compensation programs should not become overly complicated or difficult to understand.

In connection with structuring various Employment and Non-Compete Agreements with certain of our executive officers and directors in 2004, the Committee instructed outside counsel to engage an executive compensation consultant. The compensation consultant had no ties to us or our executives, had not performed any services for us previously and has not been retained for any purpose since 2004. The agreements are discussed in more detail below. The Committee has not otherwise relied on the advice of outside consultants to structure our executive compensation programs, nor has it engaged in formally benchmarking compensation levels of our executive officers.

General Compensation Objectives and Guidelines

We are engaged in a highly competitive industry. We believe that our success depends on our ability to attract and retain highly qualified and motivated executives. In order to accomplish this objective, we have endeavored to structure our executive compensation in a fashion that gives our Compensation and Stock Incentive Committee the flexibility to take into account our operating performance and the individual performance of the executive.

Our Compensation and Stock Incentive Committee endorses the philosophy that executive compensation should reflect our performance and the contribution of executive officers to that performance. Our compensation policy is designed to achieve three fundamental objectives: (i) attract

and retain qualified executives, (ii) motivate performance to achieve our objectives, and (iii) align the interests of our executives with the long-term interests of our stockholders.

The Committee recognizes that there are many intangibles involved in evaluating performance and in motivating performance, and that determining an appropriate compensation level is a highly subjective endeavor. The analysis of the Committee is not based upon a structured formula and the objectives referred to above are not weighted in any formal manner.

Pursuant to our compensation philosophy, the total annual compensation of our executive officers is made up of one or more of three elements. The three elements are salary, an annual incentive payment and grants of stock based awards such as restricted stock.

We believe a competitive base salary is important to attract, retain and motivate top executives. We believe annual incentive payments are valuable in recognizing and rewarding individual achievement. Finally, we believe equity-based compensation makes executives “think like owners” and, therefore, aligns their interests with those of our stockholders.

17

We have historically maintained a defined benefit pension plan and a 401(k) savings plan for the benefit of all regular full-time employees. These plans are discussed in more detail below under the heading *PENSION BENEFITS*.

We do not have any formal stock ownership requirements for our executive officers but note that our Directors and executive officers are significant stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Committee is mindful of the stock ownership of our Directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. As do many public companies, we have historically provided in our insider trading policies that Directors and executive officers may not sell our securities short and may not sell puts, calls or other derivative securities tied to our stock.

We expect that, as in past years, the salary and other compensation paid to our executive officers will qualify for income tax deductibility under the limits of Section 162(m) of the Internal Revenue Code. However, it is possible that, where merited, the Committee may authorize compensation which may not, in a specific case, be fully deductible by us.

We do not have a formal policy relative to the adjustment or recovery of incentives or awards in the event that the performance measures upon which incentives or awards were based are later restated or otherwise adjusted in a manner that would have reduced the size of an incentive or award. However, as all incentives and awards remain within the discretion of the Compensation and Stock Incentive Committee, the Committee retains the ability to take any such restatements or adjustments into account in subsequent years. In addition, the Sarbanes-Oxley Act requires in the case of accounting restatements that result from material non-compliance with Securities Exchange Commission financial reporting requirements, that chief executive officers and chief financial officers must disgorge bonuses and other incentive-based compensation and profits on stock sales, if the non-compliance results from misconduct.

Salary and Incentive

The salary of each executive officer is determined by our Compensation and Stock Incentive Committee. In making its determinations, the Committee gives consideration to our operating performance for the prior fiscal year and the individual executive’s performance. The Committee solicits input from our Chief Executive Officer with respect to the performance of our executive officers and their compensation levels. The base salaries of our executives have not varied widely from year to year. Mr. McGlynn’s base salary has remained fairly consistent in recent years due to the annual incentive arrangement he has had for many years pursuant to which he has the potential for a significant incentive based on our performance, as is discussed in greater detail below under the heading *CEO Compensation*. Due to general economic conditions and their effect on the motorsports industry and our Company, the Committee determined that there would be no salary adjustments made for fiscal year 2009.

Annual incentive compensation packages for our executive officers are discretionary and based on our performance and each individual officer’s performance. Except as disclosed below, discretionary bonuses are not subject to any plan or program, written or unwritten, that was communicated in advance to the executive officers for 2008. Bonus amounts for a particular fiscal year are generally determined during the first quarter of the following fiscal year and paid at the discretion of the Compensation and Stock Incentive Committee. As outlined in more detail in the Annual Report which accompanies this Proxy Statement, our financial and operating results for fiscal year ended 2008 did not meet our expectations. Accordingly, no cash bonuses were paid to our executive officers for performance during fiscal year ended 2008.

A special annual discretionary incentive tied to our annual budgeting process was in place for fiscal year 2008 for ten of our senior officers, including our executive officers, pursuant to which each could have received a cash incentive payment of \$15,000 if we exceed a targeted pre-tax earnings number. At the time the incentive

18

was structured in 2007, the target number was intended to be an aggressive but reasonably attainable goal. For fiscal year ended 2008, no bonuses

were paid under this special incentive. We will not have a similar incentive for fiscal year 2009. Disclosure of this 2008 incentive plan should not be taken as an indication that we considered it a material part of the compensation for our executive officers.

An annual discretionary performance based incentive has been established for our Executive Vice President, Michael A. Tatoian. The incentive for fiscal year ending 2009 is similar to the incentive established for fiscal year ended 2008. There is no formal agreement for this discretionary incentive. It is based on the following resolution adopted by our Compensation and Stock Incentive Committee: "RESOLVED, that the determination of a discretionary annual incentive for the Executive Vice President for fiscal year ending 2009 will be dependent upon an overall favorable evaluation of the Executive Vice President's performance and be calculated as two percent (2 %) of the year over year increase in the Company's pre-tax earnings, as determined by this Committee in its sole discretion, including any adjustments for extraordinary or non-recurring items as the Committee may deem appropriate." No payment was made to Mr. Tatoian under the 2008 incentive as we did not achieve a year over year increase in pre-tax earnings.

Equity Based Awards

Our Stock Incentive Plan allows for a wide variety of stock based awards such as stock options and restricted stock awards. We last issued stock options in fiscal year ended 2003 and have no immediate plans to issue additional stock options. We have never issued any stock appreciation rights. Partially in response to changes relative to the manner in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity based component of our executive compensation. Since 2004 we have awarded time-based restricted stock in lieu of granting stock options. The terms and conditions of these awards are described in more detail below.

Awards under our Stock Incentive Plan are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. For the past four years, we have granted time-based restricted stock to various employees, including our executive officers, in early January. Consistent with this practice, we granted restricted stock awards to our executive officers in January 2009 in amounts which are similar to grants made in prior years taking into account both the absolute number of shares and the fair market value of those shares. The numbers of shares awarded in January 2009 were as follows: Denis McGlynn: 25,000 shares; Michael A. Tatoian: 18,000 shares; Timothy R. Horne: 15,000 shares; Klaus M. Belohoubek: 15,000 shares; and Thomas G. Wintermantel: 10,000 shares. It is our expectation to continue yearly grants of restricted stock awards although we reserve the right to modify or discontinue this or any of our other compensation practices at anytime.

To date, all of our restricted stock awards have had the same features. The shares vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death or retirement on or after age 65), the unvested shares will be forfeited. None of our outstanding options or restricted stock awards contain a change of control provision that would accelerate the vesting of options or restricted shares in the event we have a change of control. However, the Compensation and Stock Incentive Committee has the discretion to accelerate the vesting of options or restricted shares or to offer to buy out for a payment in cash any option or restricted stock award, on such terms and conditions as the Committee may establish.

Grants are made under our Stock Incentive Plan and the plan is administered pursuant to Rule 16b-3 of the Securities Exchange Act of 1934. When considering the grant of stock based awards, the Committee gives consideration to our overall performance and the performance of individual employees. More detail about our restricted stock awards, including awards made during 2008, can be found below in our *SUMMARY COMPENSATION TABLE* and the *GRANTS OF PLAN-BASED AWARDS TABLE*.

Employment and Non-Compete Agreements

We initially entered into employment and non-compete agreements with all of our executive officers in June 2004. These agreements had two (2) year terms and were superseded by new agreements dated February 13, 2006. We subsequently entered into two additional agreements with similar terms — one with Michael A. Tatoian dated July 26, 2007 and one with Timothy R. Horne dated January 3, 2008 and effective April 1, 2008. Technical amendments to these agreements were made by an agreement dated as of January 1, 2008 to comply with Internal Revenue Code 409A. Our agreement with Patrick J. Bagley terminated effective April 1, 2008 in connection with his retirement from his position as our Senior Vice President-Finance and Chief Financial Officer. The agreements are substantially identical in the following respects.

The agreements are only operative in the event of a change in control. The agreements do not obligate us to employ any executive officer for any period of time prior to a change in control. All of our executive officers can be terminated at our will at any time prior to a change in control with or without cause. The agreements all have a two (2) year term and shall automatically renew for successive two (2) year terms, provided that at any time prior to any such renewal, the Compensation and Stock Incentive Committee has discretion to terminate the automatic renewal provision. "Change in control" is defined under the agreements to mean the earlier to occur of (a) ten (10) days following the closing of a tender offer for our stock or (b) the closing of a merger or similar transaction involving us and any other entity; provided that it shall not be a change in control if our stockholders immediately prior to the transaction own, directly or indirectly in substantially the same proportion, at least 60% of the voting securities of the survivor of such transaction immediately following the transaction.

There are no other agreements or understandings between us and any executive officer which guarantee continued employment or guarantee

any level of compensation, including incentive or bonus payments, to the executive officer.

In the event of a change in control during the term of the agreements and provided that the executive officer is employed by us when the change in control occurs, we must pay to the executive officer a certain change in control fee in the amount described below. Each agreement specifies an "extension period" for a certain number of months, also as described below, during which the executive officer shall receive a monthly payment equal to one-twelfth of the sum of (a) the executive officer's then-current annual base salary (excluding any incentive or bonus), and (b) the amount of any cash bonus awarded to the executive officer for the then-most recently concluded fiscal year of the Company. The agreements for our Chief Executive Officer and our Executive Vice President provide that for purposes of calculating this monthly amount, the executive officer's cash bonus shall be the actual cash bonus for our then most recently concluded fiscal year, but not less than 75% and not greater than 125% of the average cash bonus awarded to the executive officer for our then most recently concluded fiscal year and the preceding two fiscal years. The executive officer shall also be entitled to health, welfare and certain fringe benefits on terms no less favorable than those which he had prior to the change in control.

During the extension period, the executive officer agrees not to, directly or indirectly, engage in any capacity in the motorsports business or to assist any business that is in the motorsports business and that competes with us within a 100 mile radius of any of our facilities. The executive officer is also prohibited, during the extension period, from soliciting our customers and employees.

During the extension period, the executive officer shall continue as an employee. We are free to terminate the executive officer with or without cause. If termination is without cause, we shall continue to pay the monthly amount for the extension period. If the termination is for cause, we shall continue to pay one-half of the monthly amount since the agreement allocates 50% of the monthly amount post-termination to severance and 50% is paid in consideration of the executive officer's non-compete covenants. "Cause" is defined under the agreement to mean a unanimous determination by our Board of Directors that the executive officer has been convicted of a felony, has embezzled from or committed fraud against us, which embezzlement or fraud has a material adverse financial impact on us or gross insubordination which has continued after written notice from the Board of Directors which determination is upheld by a final, non-appealable arbitration award.

20

The executive officer shall be entitled to continue receiving the monthly amount during the extension period if he voluntarily terminates his employment for good reason. "Good reason" is defined under the agreements to mean a (i) reduction in title, responsibilities, administrative support or support services, (ii) relocation of executive officer's office, (iii) travel at a level that exceeds the travel requirements before the change in control, (iv) any breach by us of our obligations under the agreement, (v) any breach by the purchaser under a merger or acquisition agreement pursuant to which the change in control takes place relating to employee benefits or directors' and officers' insurance or indemnification provisions, or (vi) any reason whatsoever two months after the change in control.

Upon the change of control, the executive officer shall also be entitled to receive a pension benefit equal to the amount which he would have received under our retirement program had payments to him under the agreement been treated as covered compensation under the retirement program, which benefit will be paid in a lump sum using actuarial assumptions and the discount rate which would be utilized for purposes of funding a plan termination.

If these employment and non-compete agreements had been triggered due to a change in control on December 31, 2008, the agreements would have provided for the following based on compensation levels for fiscal year ended 2008: *Denis McGlynn, President and Chief Executive Officer*—(a) \$500,000 change in control fee; (b) 60 month extension period paying up to an aggregate of \$1,500,000 over the term of the extension period; and (c) \$367,213 for the lump sum pension benefit calculated on the amounts paid under clauses (a) and (b). Mr. McGlynn's agreement also requires that for a 24 month period following a change in control he will provide certain assistance to us with respect to legislative matters within the State of Delaware. *Michael A. Tatoian, Executive Vice President*—(a) \$200,000 change in control fee; (b) 24 month extension period paying up to an aggregate of \$380,000 over the term of the extension period; and (c) \$49,260 for the lump sum pension benefit calculated on the amounts paid under clauses (a) and (b). *Timothy R. Horne, Senior Vice President-Finance and Chief Financial Officer*—(a) \$250,000 change in control fee; (b) 24 month extension period paying up to an aggregate of \$260,000 over the term of the extension period; and (c) \$34,003 for the lump sum pension benefit calculated on the amounts paid under clauses (a) and (b). *Klaus M. Belohoubek, Senior Vice President-General Counsel and Secretary*—(a) \$250,000 change in control fee; (b) 24 month extension period paying up to an aggregate of \$360,000 over the term of the extension period and (c) \$54,413 for the lump sum pension benefit calculated on the amounts paid under clauses (a) and (b). *Thomas G. Wintermantel, Treasurer*—(a) \$175,000 change in control fee; (b) 24 month extension period paying up to an aggregate of \$370,000 over the term of the extension period and (c) \$53,270 for the lump sum pension benefit calculated on the amounts paid under clauses (a) and (b).

To the extent that any of the payments or benefits due to the executive officer constitute an excess "parachute payment" under the Internal Revenue Code and result in the imposition of an excise tax, each agreement requires that we pay the executive the amount of such excise tax plus any additional amounts necessary to place the executive officer in the same after-tax position as he would have been had no excise tax been imposed. We estimate that the tax gross up that would have been paid to each executive officer under the agreements in the event the agreements had been triggered due to a change in control on December 31, 2008 as follows: Denis McGlynn, from \$693,242 to \$1,112,236; Michael A. Tatoian, from \$0 to \$250,937; Timothy R. Horne, from \$0 to \$222,774; Klaus M. Belohoubek, from \$0 to \$267,008; and Thomas G. Wintermantel, \$0. These are estimated tax gross ups. Each agreement provides that fifty percent of the monthly amount paid during the extension period is paid in consideration of the executive officer's non-compete covenants. The exclusion of these amounts would reduce the calculated amount of excess

parachute payments subject to tax. However, as we are unable to conclude whether the Internal Revenue Service would characterize all or some of these non-compete payments as reasonable compensation for services rendered, we have included a range for the tax gross up.

The agreements do not alter the terms of any options or restricted stock awards previously granted to the executive officers. As noted above under the heading *Equity Based Awards*, none of our outstanding options or restricted stock awards contain a change of control provision that would automatically accelerate the vesting of options or restricted shares in the event of a change of control.

Other Compensation

Other compensation to our executives include employee benefits made available on the same terms to all of our full-time employees, such as group medical, dental and vision coverage, group life insurance, pension and a 401(k) savings plan. Pension benefits are described in more detail below under the heading *PENSION BENEFITS*. Perquisites offered to our executive officers are fairly modest compared to those provided to senior executives at other public companies. We provide an automobile (or an automobile allowance) to Messrs. McGlynn, Tatoian, Horne and Wintermantel. Other perquisites are noted in the notes to our *SUMMARY COMPENSATION TABLE* or are below the threshold for which disclosure is required.

Three of our executive officers, Denis McGlynn, Timothy R. Horne and Klaus M. Belohoubek were also executive officers of Dover Downs Gaming & Entertainment, Inc. in 2008 and received compensation directly from Dover Downs Gaming & Entertainment, Inc. The members of our Compensation and Stock Incentive Committee also constitute the Compensation and Stock Incentive Committee of Dover Downs Gaming & Entertainment, Inc. In determining the compensation for our executive officers, the Committee considers the dual responsibilities of our executives and sets compensation at such levels such that the aggregate compensation received from both companies is reasonable in light of the responsibilities of the executive for each company and the performance of the executive and the performance of each company. A discussion of the compensation paid to Messrs. McGlynn, Horne and Belohoubek at Dover Downs Gaming & Entertainment, Inc. is contained in its annual proxy statement filed with the Securities and Exchange Commission.

CEO Compensation

Denis McGlynn's compensation is determined by our Compensation and Stock Incentive Committee. As is the case with respect to the executive officers, our Chief Executive Officer's compensation is based upon both our operating performance and his individual performance. The CEO's compensation consists of the same three elements identified above with respect to executive officers: salary, an annual incentive, and, in some years, grants of stock options or other stock based awards such as restricted stock. The determination of salary and the grant of stock based awards, if any, are subjective and not based upon any specific formula or guidelines. An annual discretionary performance based incentive has been established for Denis McGlynn. The incentive for fiscal year ending 2009 is similar to the incentive established for fiscal year ended 2008. There is no formal agreement for this discretionary performance incentive. It is based on the following resolution adopted by our Compensation & Stock Incentive Committee: "RESOLVED, that, effective as of January 1, 2009, the salary for the Chief Executive Officer of the Company shall remain \$300,000 per annum and the determination of a discretionary annual incentive for fiscal year ending 2009 will be dependent upon an overall favorable evaluation of the Chief Executive Officer's performance and be calculated as five percent (5%) of the year over year increase in the Company's pre-tax earnings, as determined by this Committee in its sole discretion, including any adjustments for extraordinary or non-recurring items as the Committee may deem appropriate." As the performance criteria were not met for fiscal year ended 2008, no incentive was paid to the CEO for fiscal year ended 2008.

The Compensation Committee Report shall not be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such acts.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the above *COMPENSATION DISCUSSION AND ANALYSIS* with management.

Based upon this review and discussion, we have recommended to the Board of Directors that the *COMPENSATION DISCUSSION AND ANALYSIS* be included in this Proxy Statement.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent stockholders are required to furnish us with copies of all Section 16(a) forms they file.

Based on our review of the copies of such forms, we believe that during fiscal year ended December 31, 2008, all filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with except for Jeffrey W. Rollins with respect to an inadvertent late Form 4 filing for the sale of 39,600 shares of Common Stock in early 2008.

- (1) Denis McGlynn, Timothy R. Horne and Klaus M. Belohoubek hold the same executive officer titles with Dover Downs Gaming & Entertainment, Inc. (spun-off from the Company on April 1, 2002). As noted above in our *COMPENSATION DISCUSSION AND ANALYSIS*, Messrs. McGlynn, Horne and Belohoubek are separately compensated by that entity.
- (2) These amounts represent the dollar amount recognized for financial reporting purposes for prior year option grants and current year and prior year grants of restricted Common Stock awarded under our Stock Incentive Plan, all computed in accordance with Statement of Financial Accounting Standards ("SFAS") No. 123R. - (4) Mr. Horne became Senior Vice President-Finance and Chief Financial Officer on April 1, 2008.

GRANTS OF PLAN-BASED AWARDS

The shares of Common Stock disclosed in the table below represent grants of restricted Common Stock under our Stock Incentive Plan awarded in fiscal year 2008 to the executives named in our *SUMMARY COMPENSATION TABLE*. All grants of restricted Common Stock vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death or retirement on or after age 65), the unvested shares will be forfeited. We have not issued any stock options in the past three fiscal years and have no immediate plans to issue additional stock options.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The table below sets forth details concerning outstanding option awards made in prior years to the executives named in our *SUMMARY COMPENSATION TABLE*, including the grant date, the expiration date, the option exercise price, and the number of shares of Common Stock underlying the grants both exercisable and unexercisable. As we have not issued any stock options in the past five fiscal years, the grant dates for all of these options are from fiscal year ended 2003 and earlier. The table below also sets forth the total number of restricted shares of Common Stock that were granted in prior years to the executives named in our *SUMMARY COMPENSATION TABLE* but which have not yet vested, together with the market value of these unvested shares based on the \$1.30 closing price of our Common Stock on December 31, 2008.

OPTION EXERCISES AND STOCK VESTED

The following table sets forth:

- the number of shares of Common Stock acquired by the executives named in the *SUMMARY COMPENSATION TABLE* upon the exercise of stock options during the fiscal year ended December 31, 2008;
- the aggregate dollar amount realized on the exercise date for such options computed by multiplying the number of shares acquired by the difference between the market value of the shares on the exercise date and the exercise price of the options;

- the number of shares of restricted Common Stock acquired by the executives named in the *SUMMARY COMPENSATION TABLE* upon the vesting of shares during the fiscal year ended December 31, 2008; and
- the aggregate dollar amount realized on the vesting date for such restricted stock computed by multiplying the number of shares which vested by the market value of the shares on the vesting date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In conjunction with our spin-off of Dover Downs Gaming & Entertainment, Inc. (“Gaming & Entertainment”) on April 1, 2002, we entered into various agreements with Gaming & Entertainment that addressed the allocation of assets and liabilities between the companies and that define the companies’ relationship after the separation. These include the Real Property Agreement, the Transition Support Services Agreement, and the Tax Sharing Agreement. Patrick J. Bagley, Kenneth K. Chalmers, Denis McGlynn, Jeffrey W. Rollins, John W. Rollins, Jr., R. Randall Rollins and Henry B. Tippie are all Directors of both companies. Denis McGlynn, Timothy R. Horne and Klaus M. Belohoubek are executive officers of both companies.

The Real Property Agreement governs certain leases and easements affecting our Dover, Delaware facility. Under the Transition Support Services Agreement, each company provides to the other certain administrative and operational services. The agreement may be terminated in whole or in part 90 days after the request of the party receiving the services or 180 days after the request of the party providing the services. The Tax Sharing Agreement provides for, among other things, the treatment of income tax matters for periods beginning before and including the date of the spin-off and any taxes resulting from transactions effected in connection with the spin-off.

During the year ended December 31, 2008, Gaming & Entertainment allocated corporate costs of \$2,104,000 to us for certain administrative and operating services, and we allocated costs of \$295,000 to Gaming & Entertainment. The allocations were based on an analysis of each company’s share of the costs. In connection with our 2008 NASCAR event weekends at Dover International Speedway, Gaming & Entertainment

provided certain services, primarily catering, for which we were invoiced \$1,237,000. We invoiced Gaming & Entertainment \$434,000 for a skybox suite, tickets and other services to the 2008 events. The net costs incurred by each company for these services are not necessarily indicative of the costs that would have been incurred if the companies had been unrelated entities and/or had otherwise independently managed these functions; however, management believes that these costs are fair and reasonable.

Use by Gaming & Entertainment of our 5/8-mile harness racing track is under an easement we granted which does not require the payment of any rent. Under the terms of the easement, Gaming & Entertainment has exclusive use of our harness track during the period beginning November 1 of each year and ending April 30 of the following year, together with set up and tear down rights for the two weeks before and after such period. The harness track is located on property we own and is on the inside of our one-mile motorsports superspeedway. Gaming & Entertainment’s indoor grandstands are used by us at no charge in connection with our motorsports events. We also lease our principal executive office space from Gaming & Entertainment. Various easements and agreements relative to access, utilities and parking have also been entered into between us and Gaming & Entertainment relative to our respective Dover, Delaware facilities.

Our Chairman, Henry B. Tippie, controls in excess of fifty percent of our voting power. Please refer to the above discussion under the heading, *CORPORATE GOVERNANCE AND BOARD OF DIRECTORS’ COMMITTEES AND MEETINGS—Controlled Corporation Status*. Mr. Tippie also controls in excess of fifty percent of Gaming and Entertainment’s voting power.

Our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy provides that related party transactions, as defined in Regulation S-K, Item 404(a), must be reviewed, approved and/or ratified by our Nominating and Corporate Governance Committee. As set forth in our Code, our Nominating & Corporate Governance Committee has the responsibility to ensure that it only approve or ratify related party transactions that are in compliance with applicable law, consistent with our corporate governance policies (including those relative to conflicts of interest and usurpation of corporate opportunities) and on terms that are deemed to be fair to us. The Committee has the authority to hire legal, accounting, financial or other advisors as it may deem necessary or desirable and/or to delegate responsibilities to our

executive officers in connection with discharging its duties. A copy of the Code is available at our website (www.dovermotorsports.com) under the heading *Investor Relations*. All related party transactions for fiscal year ended December 31, 2008 were reviewed, approved and/or ratified by the Nominating & Corporate Governance Committee in accordance with the Code.

PENSION BENEFITS

We maintain a non-contributory qualified defined benefit plan, referred to as the Pension Plan. All of our full time employees are eligible to participate in the Pension Plan. Up to September 30, 1989, retirement benefits were equal to the sum of from 1% to 1.8% of an employee's annual cash compensation for each year of service to age 65. Commencing October 1, 1989 and thereafter, retirement benefits are equal to the sum of 1.35% of earnings up to covered compensation, as that term is defined in the Pension Plan, and 1.7% of earnings above covered compensation. Pensionable earnings include regular salaries or wages, commissions, bonuses, overtime earnings and short-term disability income protection benefits.

Retirement benefits are not subject to any reduction for Social Security benefits or other offset amounts. An employee's benefits may be paid in certain alternative forms having actuarially equivalent values. Retirement benefits are fully vested after the completion of five years of credited service or, if earlier, upon reaching age 55.

We also maintain a non-qualified, defined benefit plan, referred to as the Excess Benefit Plan, which provides benefits that would otherwise be provided under the qualified pension plan but for maximum benefit and compensation limits applicable under federal tax law.

28

The percentage of benefit paid under the Pension Plan and Excess Benefit Plan is reduced depending on the age at which benefits begin as follows:

<u>Age Benefits Begin</u>	<u>Percentage of Benefit Paid</u>
64	100
63	100
62	100
61	95
60	90
59	85
58	80
57	75
56	70
55	65

The following executive was eligible for early retirement under these plans based on his age at December 31, 2008: Denis McGlynn, age 62.
